An: Teodora Fenske <teodora.fenske@uni-wernstadt.de>

Dear Dr. Fenske,

congratulations: paper #217 „Moving-horizon estimation for networked drives with delayed measurements“ has been accepted for oral presentation at EuroSysCon 2027, the 14th European Symposium on Control and Estimation, Porto, Portugal, 13–15 September 2027.

At least one author must register (member rate EUR 390) and present the paper in person. The conference hotel offers a rate of EUR 85 per night (12–16 September) until 31 July.

Best regards,
EuroSysCon 2027 Program Committee
