Ghent, 25 April 2027

Dear Dr Wendelin,

we are looking forward to your research week with us from 26 July 2027 to 30 July 2027. As agreed, you will work in the data lab on the 3rd floor with our team. We can offer you one of the guest rooms of the university guest house free of charge for the four nights (this is our standard hospitality for visiting researchers; it is not linked to any fee or service). We do not pay a fee or any other compensation, and we cannot cover travel costs.

Kind regards,
Prof. Dr. An Verhaegen
